

Universal Design Thinking

Unlocking innovation with inclusion.

ELIMINATE SOCIAL EXCLUSION THROUGH UNIVERSAL DESIGN

We believe universal design can reveal new ways for making inclusion a fundamental part of your commitment to sustainability, innovation, and social responsibility.

OPTIMAL FOR UP TO 50 PARTICIPANTS

HALF DAY, FULL DAY, 2-DAYS OR 3-DAYS

IN OSLO OR AT YOUR SITE

Team building - team members work together towards a common goal while learning about each other's strengths and weaknesses. By promoting a shared vision and fostering open communication, the workshop helps build trust and create a sense of camaraderie among team members

Brainstorming - encourages participants to think creatively and generates a variety of unique ideas. By providing a structured approach to ideation, the workshop can help to overcome cognitive biases and generate innovative solutions.

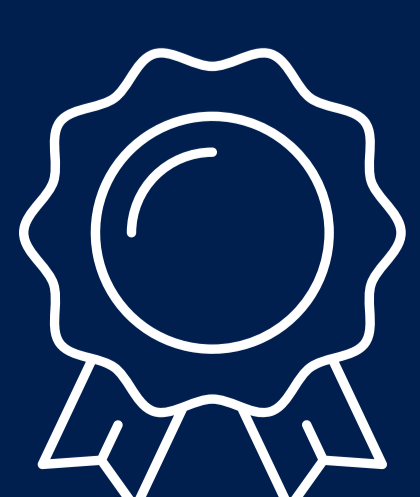

Problem solving - promotes an inclusive and empathetic approach that considers the needs and perspectives of a diverse range of users. It also encourages creativity and innovation, as it challenges participants to think outside the box and come up with solutions that benefit everyone.

Evaluating - encourages critical reflection on the effectiveness of proposed solutions. By testing and refining ideas, the workshop can help to improve the quality of solutions and ensure that they are aligned with the needs of users.

Presenting - provides a clear and structured framework for communicating ideas to others. By using storytelling and visual aids, the workshop can help to create engaging and persuasive presentations that effectively communicate the value of proposed solutions.

“

We were very pleased with our partnership. The workshops were meaningful and engaging. We received positive feedback from the participants.
